

MODify Single Sided Kit 03

MODify™ is a one-of-a-kind Modular Merchandising System that is made up of interchangeable fixtures and accessories that can be easily assembled, disassembled, and rearranged to create a variety of different display configurations. The MODify system incorporates SEG push-fit fabric graphics that enable you to brand, promote and merchandise with ease.

MODify Single Sided Kit 03 features two slatwall panels (right/left) and one center graphic panel. Customize your kit with fixtures such as shelves, waterfalls and hooks, or furniture like tables and risers. The center SEG push-fit graphic panel can be effortlessly replaced at any time, allowing you to keep your display up-to-date and on-trend.

MODify Single Sided Kits should be mounted to a wall or structure for safety and stability.

We are continually improving and modifying our product range and reserve the right to vary the specifications without prior notice. All dimensions and weights quoted are approximate and we accept no responsibility for variance. E&OE. See Graphic Templates for graphic bleed specifications

features and benefits:

Base Kit includes:

- Frame, slatwall, shelf and base colors in kit are all the same, your choice of all white, black, or silver
- Heavy-duty aluminum frame, steel base
- Steel, slotted uprights
- Left & right 35"W x 96"H slatwall panels
- Center graphic panel 35"W x 96"H
- Non-rolling base
- Display is easy to assemble and install
- Lifetime hardware warranty against manufacturer defects

Optional Accessories Include:

- Towel bars.
- Faceout bars
- Waterfalls
- U bars
- Slatwall hooks
- Shelves

How to Apply & Remove Graphics

Installation and removal of SEG graphics is easy!

Installation: Push the SEG bead into each corner of the frame (1-4) with your thumb, then push the SEG bead into the middle of the run (5-8) and work your way around the perimeter of the frame until all beading is pushed in properly; if necessary, go around the perimeter again to ensure beading is secure in the extrusion profile.

Note: Keep the set up area clean by using a drop cloth, washing hands before set-up or by wearing gloves.

Removal: Use the pull tab located on the graphic and gently pull the graphic from the frame, going around the perimeter.

Graphics Storage & Care

Graphics should be folded with the graphic facing inward and stored in a zip lock /sealable plastic bag. Spot clean by wiping with a damp white cloth. If washing is necessary, use a commercial size front-loading washing machine, gentle cycle with cool water. Line dry flat. Dry cleaning is NOT recommended to prevent shrinkage.
